January 2021

Dear Supporters and Sponsors

Whew, that is 2020 done and dusted! However, it is one that will live long in our memory. Fortunately, here in NZ. we are lucky enough to be able to lead a relatively normal life compared to the rest of the world. So, we intend to make the most of it and have a second go at running our 29th annual BOE course. Of course, we can only continue offering this opportunity because of the fantastic support we get from our sponsors whether they are businesses, private citizens, service clubs or a multitude of other organizations and individuals that have supported our endeavours throughout this time.

As I waited in the supermarket que recently, I was approached by a past participant. After checking if we were running the course this year, he offered to sponsor a participant from the local community, how cool is that? We appreciate that it is not always easy to persuade participants to join up and it does take some persistence. The personal touch always works the best, but we know this takes up valuable time, so we thank you for your efforts. I have mentioned in previous correspondence that offering a sponsorship fee is only part of the story. Keeping in contact with participants both before and following the event can pay big dividends in terms of spreading the word about your organisation and gaining new members or even future employees.

We trust that we can rely on your continuing support. Your support allows our fantastic volunteers to continue the job they love to do, and we believe the results speak for themselves.

**The dates for this year's course will be held are the 7th – 15th May 2021. - Total Cost \$580 for 8 days.**

(To those who have already responded we thank you for your early applications. This is much appreciated as it makes our planning so much easier).

Lest we forget, all our Instructors are volunteers, and without their contribution, none of what we achieve would be possible.

We urge clubs and organisations wishing to participate by sponsoring someone from their local community to give early consideration to finding suitable applicants. This is not only to be sure of obtaining a placement but also to give the participant time to physically prepare for the course.

What type of people benefits from this course? --- In short people from all walks of life.

- We need a cross-section of NZ society to make it work.
- We believe learning from each other plays a huge part in the success of the course.

Consideration should be given to those who are 18yrs of age (the minimum age limit) or older.

- Keen to avail themselves of this opportunity.
- Have the ability to benefit from it.
- Can use the benefits learned, in the Community, Workplace, Family and to better their self.

If I can be of any further assistance, please do not hesitate to contact me.

If you need more brochures, we are happy to provide them for you or you can download from our website.

Extra application forms can be downloaded from our website. Check out our Facebook page also and please share it.

Yours Sincerely

Kevin Moore

For the BOE committee - Lions Club of Taieri

P.S Could clubs that have booked positions in the course please confirm them by March 1st or make contact.

We cannot guarantee to hold places after this date.
